

Remote Discovery Document

How does it work?

Using your mobile phone, you will be connected to a qualified Energy Assessor who will tour your building with you virtually via video link, assessing all areas of the building's energy usage.

What is included?

- Remote survey of the building
- Energy consumption information
- Energy and carbon report
- Estimated costs and reductions

Pricing

- Price A - £150 + VAT
- Price B - £200 + VAT
- Price C - £300 + VAT

Price A - Village Halls, Community Centres, Church Halls & Churches
Price B - Shops, Offices, Respite Care
Price C - Multiple Use Buildings

What will I need to access this service?

- Mobile phone with a camera
- WIFI connection or mobile signal
- 12 months of energy bills for each of the supplies you have (Gas, Electric, Oil, LPG or Solid Fuel)
- 12 months of energy generation and export figures for any on site microgeneration.
- Information on the building opening/ closing times or typical usage patterns

Recommendations following survey;

- Metering upgrades
- Additional monitoring & Energy Monitoring packages
- Annual Carbon and Energy Report
- Introduction to Commercial Partners
- When to start looking for new contracts
